Recycling of plastics may not be available everywhere. Check if recycling exists in your area.

Advanced Composting System

Statewide Contract # FAC39

Ben Goldberg

195 Meadows Rd • Whitefish, MA 59937

Phone: 413-586-3699

Fax: 406-862-3855

Email: plunkatune@mindspring.com

Web: www.compostingtoilet.com

ACS designs and manufactures commercial and residential composting toilets, as well as prefabricated restroom buildings for installation in public facilities and campsites. The Phoenix System provides safe and effective aerobic stabilization of human waste. Restrooms can be equipped with built-in photovoltaic electricity generation, solar hot air collectors, rainwater cisterns, and computerized controls that operate pumps, fans, lights, and monitoring devices.

AERC Recycling Solutions

Statewide Contract # FAC26

David Sherman

2591 Mitchell Avenue • Allentown, PA 01802

Phone: 610-797-7608

Fax: 610-797-7696

Email: dsherman@aercrecycling.com

Web: www.aercrecycling.com

AERC, a full service mercury recycling company, is committed to developing and utilizing the technologies of the future. If you generate or dispose of mercury contaminated materials, we can assist you in reducing your environmental liability. We are dedicated to providing comprehensive services to you and to ensuring the long-term preservation of the environment.

Agresource, Inc.

Statewide Contract # FAC19

Tim Gould

100 Main St • Amesbury, MA 01913

Phone: 978-388-5110

Fax: 978-388-4198

Email: tgould1@verizon.net

Web: www.agresourceinc.com

Manufacturer of compost soils and mulch products. Also the local distributor for Perdue Agri-cycle, which is a biologically active organic fertilizer made from (recycled) dehydrated poultry waste. It provides essential primary plant nutrients (nitrogen, phosphorous and potassium) in slow release form. It contains no chemical additives, comes in either pelletized or granular forms and can be handled and stored using the same equipment as conventional fertilizers.

Albeco Fastener /Clearwater Technology

Statewide Contract # FAC27

Fred Belcher

45 Border Street • West Newton, MA 02465

Phone: 617-965-8840

Fax: 617-964-4764

Email: fred.belcher@albecofast.com

Web: www.albecofast.com

Albeco Fastener, a statewide contractor, offers a wide variety of Environmentally Preferable Products including: ClearWash, Clearwater Technology's safe, non-toxic parts washing system. This technology uses naturally occurring microbes that actually EAT oil and grease breaking them down into non-hazardous carbon dioxide and water.

Albeco Fastener / MASSCO, Inc.

Statewide Contract # FAC27

Jay Bovarnick

664 Pleasant Street • Norwood, MA 02062

Phone: 800-955-4415

Fax: 781-769-0428

Email: jay@masscoinc.com

Web: www.masscoinc.com

Massco, Inc., located in Norwood, is a full service janitorial supplies distributor, featuring a complete line of recycled paper products as well as Rubbermaid RECYCLE containers made with some recycled plastic. We also specialize in sanitary maintenance chemicals, supplies, and equipment. Massco will feature their PAK-IT line of chemicals designed to be user friendly and nearly eliminate waste associated with empty chemical containers.

American Plastics Council

Statewide Contract # N/A

Judith Dunbar

1300 Wilson Boulevard, Suite 800 • Arlington, VA 22209

Phone: 703-741-5598

Fax: 703-741-5673

Email: judith_dunbar@plastics.org

Web: www.plasticsresource.com

The American Plastics Council (APC) is the national trade association representing the United States plastics industry. APC works to ensure that plastics are a preferred material by actively demonstrating they are a responsible choice in a more environmentally friendly world. APC promotes sustainable plastics recycling, conducts technical research, develops educational manuals and works with states, municipalities, businesses, schools and environmental groups to increase plastics recycling. APC maintains two major directories, the Recycled Plastics Markets database and the Recycled Plastic Products database, accessed through their website at www.plasticsresource.com.

Web: www.kbius.com

Exclusive New England distributor of the Flexi-Pave product line, On The Path To A "Green" Future. Recycling car tires to produce porous paving surfaces for landscape designs, sidewalks, playgrounds, parking areas and rail trails. Flexi-Pave reduces tire waste minimizing the burden on the environment. Provides erosion control and reduces retention pod requirements. Flexi-Pave products allow for ground water recharge.

Antifreeze Technology Systems

Statewide Contract # VEH18

Nancy Hamory

One Seasons Lane • Londonderry, NH 03053

Phone: 800-799-4449

Fax: 603-432-4746

Email: ATSNH@aol.com

Web:

Antifreeze Technology Systems is an antifreeze recycling service offering "environmentally preferable" recycled antifreeze in a pre-diluted (50% concentration) and pre-charged (SCA's added) formula for use in both automotive and heavy duty diesel applications. Free waste antifreeze disposal is included with the purchase of the recycled coolant.

Arborjet

Statewide Contract # N/A

Jennifer Higgins

70B Cross Street • Winchester, MA 01890

Phone: 781-721-0795

Fax: 781-721-0787

Email: information@arborjet.com

Web: jenniferhiggins@arborjet.com

The Arborjet Plant Injection System is a revolutionary tree and plant injection system designed to preserve and protect the natural and urban forest with minimally invasive methods and environmentally friendly products. Our unique delivery methods assure quick, efficient and effective delivery of hte compounds directly into the tree using the smallest microinjection possible and inducing a minimal and recoverable wound.

Atlas Paper Mills / John Calarese & Co,
Statewide Contract # GRO16

John Calarese, Sr.

89 Main Street, Suite 104 • Medway, MA 02053

Phone: 508-533-5700

Fax: 508-533-5717

Email: jcalareseco@norfolk-county.com

Web: www.jcalarese.com

Atlas Paper Mills is pleased that all of its products are manufactured from 100% recycled scrap paper, including the following minimum post-consumer content; toilet tissue = 30%, paper towels = 40%, napkins = 30%, and facial tissue = 10%. By producing paper in this manner, we reduce the volume of solid waste to be disposed of in our landfills. Our products are biodegradable and safe for all septic systems.

Atlas Watersystems, Inc.

Statewide Contract # PRF23

Norm Marowitz

86 Los Angeles Street • Newton, MA 02458

Phone: 617-244-8550

Fax: 617-527-3045

Email: nmarowitz@atlaswatersystems.com

Web: www.atlaswatersystems.com

Atlas Watersystems is a diversified water purification technology company. Office drinking water purification systems feeding bottle-less water coolers provide immediate cost reduction (as rentals) and bottle handling elimination. High purity systems are provided for hospitals, laboratories and other specialized situations.

Web: www.baywestpaper.com

Wausau Paper produces Bay West® brand towels, tissue, soap, wipers, and dispensing systems for the away-from-home market. The Bay West® product line includes EcoSoft™ Green Seal® 100% recycled towels and tissue which have been certified as environmentally preferable by Green Seal, Inc. of Washington, DC. Wausau Paper also offers Silhouette® dispensing systems that can help reduce waste and control costs.

BearingPoint / Comm-PASS

Statewide Contract # N/A

David Czelusniak

99 High Street • Boston, MA 02110

Phone: 617-988-1128

Fax: 617-988-0810

Email: dczelusniak@bearingpoint.net

Web: www.bearingpoint.com

BearingPoint is one of the world's largest business consulting and systems integration firms. We offer a broad set of solutions and services to our government and private industry clients. We are replacing the current Comm-PASS system with an Enhanced Comm-PASS system that will offer significant improvements. This new Web-based system will automate procurement tasks for every eligible public purchaser within Massachusetts. It will also offer an optional suite of value-added services for interested bidders. Enhanced Comm-PASS launches in FY05.

Biosphere Industries Corp.

Statewide Contract # N/A

Joseph Helou

1025 Cindy Ln • Carpinteria, CA 93031

Phone: 805-566-6563

Fax: 805-566-6563

Email: joeh@biospherecorp.com

Web: www.biospherecorp.com

Biosphere Industries, founded in 2002, has developed a revolutionary new product made from 100% biodegradable yearly grown raw materials all competitively priced to today's existing disposable packaging materials. Why use packaging that is functional for 30 minutes but lasts millions of years? Biosphere's materials are microwavable, ovenable up to 410 deg F, and will degrade naturally just like a potato chip. Finally, a product that is affordable and helps keep our environment clean.

CLEARWATER DOLPHIN SYSTEMS

The Dolphin System™: A High-Performance, Chemical-Free Solution

The Environmental Leader in Water-Treatment Technology

ON COOLING TOWERS

- **Superior Performance.** Minimizes bacteria counts; eliminates biofilm, algae, and fungus; prevents scale buildup, extends the operational life of cooling tower systems.
 - **Environmental Benefits.** Ends the regulatory, liability, and health concerns associated with chemicals. Contributes to green building tax credits.
 - **Cost Savings.** Eliminates all chemical costs; lowers energy costs; saves on water purchase and disposal fees.
 - **Environmental Benefits.** Ends regulatory, liability, and health concerns with chemicals. Alleviates indoor-air quality impacts. Simplifies boiler room cleaning requirements. Contributes to green building tax credits.
- **Contact us** to learn more about how we can help you reduce energy, water & chemical costs while improving the environment at and around your facility. Conservation Solutions Corporation is an approved non-chemical water treatment vendor for the Commonwealth of Massachusetts.

Dennis K. Burke, Inc.

Statewide Contract # VEH18

Ed Burke

284 Eastern Avenue PO Box 6069 • Chelsea, MA 02150

Phone: 617-884-7800

Fax: 617-884-7638

Email: eburke@burkeoil.com

Web: www.burkeoil.com

Dennis K. Burke, Inc. has been delivering premium diesel fuel, motor oil, and gasoline for more than 40 years. We feature many earth-friendly products for your fleet. Burke can help reduce fleet emissions using alternative fuels like Biodiesel and Ultra Low-Sulfur Diesel. Government agencies are eligible to buy motor oil and recycled motor oil at Massachusetts Contract (#VEH18) prices.

Designweave

Statewide Contract # FAC25

Jeff Lavasco

15305 Valley View Ave • Sante Fe Springs, Canada 90670

Phone: 877-224-7429

Fax: 562-926-4998

Email: jacqueline.suciu@designweave.com

Web: designweave.com

Designweave actively pursues solutions to protect the environment through highly styled sustainable carpet designs and environmental stewardship. For example, products are designed with cradle-to-cradle sustainability as a primary goal; combining recycled content, recyclability and performance attributes of Eco Solution Q® and Eco Worx®. Designweave also received a Visionary Stewardship Award in CA for using recycled water in its carpet dying operations. We maintain the customer attention of a small company, while offering the financial stability and resources that comes with being part of the world's largest carpet manufacturer and a Berkshire Hathaway subsidiary.

DeWallace Technical Sales

Statewide Contract # N/A

Joyce DeWallace

19 Albany Street • Worcester, MA 01604

Phone: 508-752-4500

Fax: 508-753-9005

Email: jdewallace@dewallacetech.com

Web: www.dewallacetech.com

DeWallace Technical Sales represents Ultra Tech International supplying products that control storm water runoff, reduce the discharge of pollutants and protect water quality. Our storm wattles replace haybales and silt fences with fiber rolls made of wheatstraw bound into tight tubular rolls covered with biodegradable mesh. They are much easier to install, effectively reduce erosion and are environmentally friendly.

Web: www.gametime.com

GameTime offers a complete line of playground equipment and surfacing materials, exercise and athletic equipment and park amenities such as benches, tables, shelters and bleachers.

BIODIESEL

AS PATRIOTIC AS IT GETS!

It's a clean, affordable diesel fuel substitute made from soybeans and recycled cooking oil. It reduces foreign oil dependence, it helps the U.S. farmers, and is a government-approved alternative fuel. It lowers emissions and improves performance in any unmodified diesel engine. Biodiesel doesn't generate any of the air pollutants generally associated with petroleum diesel. It can be blended with any typical diesel fuel to correct many smoke problems. It's biodegradable, and poses minimal concerns to soil and water contamination. It's also non-toxic to plants, animals, and humans.

Fleetline Patriot Biodiesel – A Natural Choice!

Mansfield Paper Company is a distributor of food service disposables and janitorial supplies. We carry over 6,000 items, with a large inventory of environmentally preferred products. Our Green Wave line of plates, bowls and cups are recyclable and biodegradable. Most of our toilet tissue and paper towels have a high post-consumer recycled content. And as always, Mansfield Paper is dedicated to exceeding our customer's expectations through prompt, professional, personal service and quality products.

Mass. Clean Cities Coalition

Statewide Contract # N/A

David Rand

100 Cambridge Street Suite 1020 • Boston, MA 02114

Phone: 617-727-4732 ext. 40138

Fax: 617-727-0030

Email: david.rand@state.ma.us

Web: www.mass.gov/doer/programs

The Massachusetts Clean Cities Coalition is built on the premise that we can change our communities for the better through cooperation and voluntary partnerships, working to reduce our reliance on imported oil and improving air quality. No population relies more on the automobile and imported fuels to get from point to point than people in the United States. The transportation sector has an enormous impact on our economy, our national energy security, and our environment. Moreover, emissions from vehicles are the single largest contributor to air pollution in many cities, making our air unhealthy to breathe and increasing health costs. Clean Cities is proof we can work together to effect change by expanding the use of domestic alternative fuels.

We Make Life Easier by Preserving the Environment.

Email: sgoldberg@perfecta.org

Web: www.perfecta.org

Perfecta Camera offers Digital Darkroom solutions and training. Digital Darkrooms eliminate traditional chemicals used in processing film and prints. These solutions also reduce paper waste as most images are viewed electronically vs being put on paper and later thrown away. Products are covered on Massachusetts State Contract OFF04.

Plant Health Care, Inc.
Statewide Contract # N/A

Craig Wall

PO Box 161 • Wilbraham, MA 01095

Phone: 413-599-0175

Fax: 413-599-0174

Email: cwall@planthealthcare.com

Web: www.planthealthcare.com

Plant Health Care has harnessed the power of nature and put it into your hands. We've formulated and packaged mycorrhizal fungi and beneficial bacteria. Most landscape soils are highly compacted and low in organic matter. The result is high plant mortality, poor quality growth, and more pesticide use. By using our products, we help you create sustainable landscapes that cost less, provide more value and last longer.

Phone: 914-328-6750

Fax: 914-328-6711

Email: slevy@spragueenergy.com

Web: www.spragueenergy.com

Sprague Energy is the largest supplier of Ultra-Low Sulfur Diesel in the United States and provides other clean fuels including bio-diesel and ethanol. ULSD contains 95% less sulfur than conventional diesel. Sprague has multiple storage facilities and a fleet of segregated transport vehicles to meet the growing demand of ULSD. In addition to the lower emission fuel, Sprague provides other commercial and industrial fuels including heating oil, diesel, kerosene, gasoline and natural gas.

Standard Electric

Statewide Contract # FAC22

Bill Smith

14 Jewel Drive • Wilmington, MA 01887

Phone: 978-988-3193

Fax: 978-661-1869

Email: wsmith@standardelectric.com

Web: www.standardelectric.com

Standard Electric Supply has been empowering business since 1952. At Standard Electric, we believe teamwork is the key to success. That's why we have created an Alliance to deliver energy efficiency and cost savings to our customers in these times of rising energy costs. Headquartered in Wilmington, Massachusetts, Standard Electric is teaming with its lamp and ballast partner, SYLVANIA, to deliver energy savings to customers throughout the Northeast. If your current system uses older technology such as Incandescent, T-12, T-12 High Output, 400 Watt HID lamps and magnetic ballast, you are a candidate for this program. SYLVANIA has developed several new technologies that improve the quality of light and greatly reduce energy consumption and system operating costs.

State Contract Carpet Company / Milliken Carpet

Statewide Contract # FAC25

Steven Hage

366 Northhampton Rd. C • Amherst, MA 01002

Phone: 800-832-3550

State Contract Carpet Co. offers a full range of Milliken flooring products and full service installation with available recycling programs. State Contract Carpet and Milliken also offer the new environmentally sound "Tractionback" carpet tile system that uses NO ADHESIVE! This new technology produces no adhesive off gassing and is guaranteed not to move. Plus "Comfort Cushion" backing with no PVC.

Sunburn Solar

Statewide Contract # N/A

Gregg Finlay

11 Horse Hollow Road • Lattingtown, NY 11560

Phone: 516-721-2053

Email: sales@sunburn.biz

Web: www.sunburnsolar.com

We integrate Solar Photovoltaics with Polyurethane foam roofing systems. Combining these new technologies to create a weather tight roof that will produce electricity and last for 25 years. The solar system will help keep the building cooler in the summer. The foam insulates the roof to help prevent heat loss in the winter. The foam has an R-Value of 7 per inch. The hard foam is covered with gravel to protect from UV damage and foot traffic. Great for leveling water spots and drainage issues. We are BP Solar factory trained and also sell, install and maintain Wind Turbines and Micro-turbines.

Choosing the finest office equipment involves much more than simply choosing copiers, facsimiles and printers. Because when you select equipment, you select an entire company. Toshiba is one of the leading companies in the world with a 125-year history of innovation, design and customer service. The Energy Star features of our equipment are also created to save you money. We are proud to have served the Commonwealth of Massachusetts for over 23 years.

Toyota of Weymouth

Statewide Contract # N/A

Adam Vogel

720 Bridge Street, Route 3A • Weymouth, MA 02191

Phone: 781-337-2000 x608

Fax: 781-331-9148

Email: adamvogel518@hotmail.com

Web: toywey@aol.com

Toyota is the leader in the development of fuel efficient hybrid vehicles. The Prius (a hybrid vehicle) is near the end of its first five-year generation. In the fall of 2003, the new 2004 model (second generation) will be larger (grows from compact to mid-size), faster (the old ones tops out at 105), cleaner (it's already a super ultra low emission vehicle, but will get 30% cleaner), and will have enhanced gas mileage (from upper 40's to upper 50's), handling (longer wheel base and wider track with 15" tires), and acceleration (like a 4-cylinder Camry).

We can't keep polluting the air and we can't keep making the oil producers rich. The environment and future generations love the PRIUS.

Walters Solutions

Statewide Contract # N/A

Michelle Charles

93 Lowell Street • Andover, MA 01810

Web: www.goodingd.com

David Gooding Inc. is a leading manufacturer representative of plumbing, heating and waterworks products. DGI is comprised of three divisions: DGI Plumbing, Showroom Sales of Northeast, and Northeast HVAC. Environmentally friendly products are available through the DGI Plumbing division and include Waterless No-Flush Urinals and the Dual Flush water closet. Waterless Company No-Flush Urinals are the ultimate in water conservation. No flushing required. Odorless, sanitary elimination of flush valve sharply reduces maintenance. Dual Flush water closets promote water conservation by reducing water required to flush away liquid waste - 0.8 GPF not 1.6 as in others. LEED applicable and Mass Plumbing Code Approved.

Westnet / US Foodservice
